Obligation-free measure and quote Please call for an obligation-free measure and quote, and also ask for details on matching:

- MIROX FINELINE™ Mirror Framing Systems • the Australian Design Award winning SpaceMaker SOFTLINE™, MIRRORLINE™, STRONGLINE™ and PANELDOOR™ Sliding Wardrobe Door Systems
- the Australian Design Award winning SERIES 9300™ Sliding/Pivoting Shower Screen Systems range • the Australian Design Mark INTEGRITY 9400™ Pivoting Shower Door Systems range
- FreeStyle™ Shower and Bath Screen Systems.

Water Resistance

SERIES 9310™ can be specially made to include optional water splash seals, to providing a high level of water resistance and minimising external splashing, for a drier, safer bathroom floor.

Glass Size

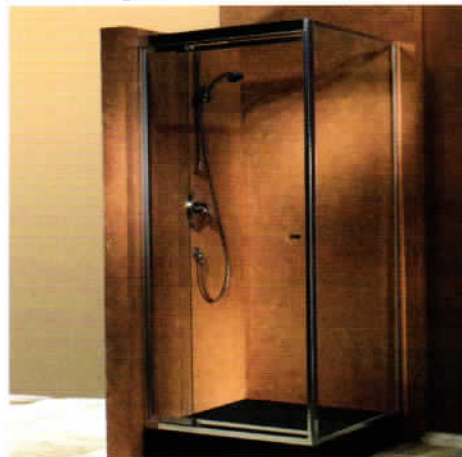

Designed specifically for use with 4, 5 and 6mm toughened glass. Will accept 6.5mm laminated glass if desired.

Low Maintenance

Smooth, contoured profiles minimise soap and residue accumulation, reducing the need for cleaning.

Series 9300 configuration

Series 9320 configuration

Patented Pivot Mechanism

The pivot system utilised on the SERIES 9310™ Shower Screen System features a 'positive close' low friction design mechanism, providing the benefit of whisper-quiet and trouble free operation.

The 'lowering' effect of the design automatically reduces the gap between door and sill on door closure, which further assists with the minimisation of external splashing and improved water resistance.

Design Flexibility

SERIES 9310™ Shower Screen Systems can be designed for installation into most bathrooms. Ask your distributor for advice on a design to suit your needs.

Safety

SERIES 9310™ Shower Screen Systems are glazed to comply with the requirements of Australian Standards AS2208 and AS1288.

Colour Selection

Special colours available on request.
